Education

Concordia University of Edmonton, Bachelor of Science in Information Technology Sept 2023 – Dec 2027

- **Coursework:** Data Science, Computer Science, Database Management, Data Structures, Mathematics
- **Honors Standing:** 3.75 GPA

Skills

Web Development: HTML5, CSS3, JavaScript (ES6+), React (Basics), Tailwind CSS, Responsive Web Design

Backend & APIs: Python, FastAPI, REST APIs, Object-Oriented Programming (OOP)

Data Analysis: Python, NumPy, Pandas, scikit-learn, Power BI, Data Cleaning, Exploratory Data Analysis (EDA)

Databases & Data Management: SQL, MongoDB

Tools & DevOps: Git, GitHub, CI/CD Pipelines, GitHub Copilot

AI-Assisted Development: Practical integration of AI tools

Experience

Research Assistant, Concordia University of Edmonton May 2025 - present

- Collaborate with Alberta Health Services (AHS) and Alberta Innovates to monitor and evaluate active research projects across healthcare and innovation domains
- Analyze ongoing research initiatives to assess progress, outcomes, and alignment with project objectives
- Gain hands-on exposure to industry-level research standards, including how AI models and data-driven systems are designed, evaluated, and managed in real-world environments
- Develop strong analytical, documentation, and cross-functional communication skills relevant to technical and data-focused roles

Projects

Sound – Web-Based Music Player, Technologies: HTML, CSS, JavaScript [Link](#)

- Designed and developed a fully responsive web application that allows users to store and play music locally through the browser and support various devices and screen sizes
- Implemented core music playback functionality with an intuitive and minimal user interface
- Enhancing the application to include liked songs functionality & playback history displaying the last 5 played tracks

Enterprise Customer Shopping Behaviour Analysis Platform (In Progress),

Technologies: Python, SQL, Power BI, Pandas, NumPy

- Developing a data-driven analytics solution to analyze enterprise customer shopping behavior
- Perform data cleaning, transformation, and analysis using Python libraries and SQL queries
- Build interactive Power BI dashboards to visualize trends, patterns, and actionable insights
- Focused on real-world datasets and business-oriented problem solving

Certifications

- IBM Databases and SQL for Data Science
- Currently Pursuing: Data Analysis with Python

ACHIEVEMENTS & LEADERSHIP

President, Student Union, Concordia University of Edmonton

- Elected as the President, represented and advocated for over 2500 students in university governance
- Lead executive meetings, managing budgets, and overlooked campus-wide events and student initiatives
- Developed strategic plans to improve student engagement, leadership opportunities, and community outreach
- **Awarded scholarships three times for academic excellence**
- **Achieved Honours Standing with a 3.75 GPA**
